Community Groups connect people to God's Word, God's Spirit and God's People. There are two types of groups for you to explore:

### Community groups:

These are small, simple, flexible home groups of 3-12 members.  
 -Meeting schedules & locations change with group needs  
 -The group invites new members and everyone helps or leads study

### Open groups:

These are larger, open groups where anyone can join at any time  
 -The facilitator sets the time, location and study  
 -These groups meet at the church or in a home  
 -This is a short term commitment model based on length of study  
 -The goal is to connect people and move them to smaller groups
